CheckMate Plus

SELF-SERVICE ATTENDANCE KIOSK

CheckMate Plus is a fully integrated attendance tracking system within Infinite Campus. This tool features check-in and check-out options for students, guests, substitutes, and employees. CheckMate saves attendance clerks time by allowing students to check-in or check-out using a self-service kiosk. The student attendance data is written directly back to Infinite Campus which means no double entry of data.

Benefits

- Fully integrated with Infinite Campus
- Real-time attendance tracking directly into Infinite Campus
- Save attendance clerks time

Features

Check In/Out
Check students in and out of school with the use of a kiosk. Attendance data writes back to Infinite Campus in real time.

Hall Passes
With the use of a label printer, print hall passes for students on-demand.

Behavior Referrals
Create behavior referrals automatically in Infinite Campus based on attendance related criteria.

Track Guests and Substitutes
Easily track guests or substitutes who are entering your building with driver's license scan and web cam functionality. Print name badges for guests and substitutes to wear while in your building.

Who is in the Building?
Administrators can quickly see who is in the building at any time with the handy "Who is in the Building?" report.

> "
> CheckMate is simple, straightforward, and well worth the money investment. We have found it is saving an average of 90 minutes per day for each of our attendance clerks. It runs live data, thus check in/outs are immediately recorded into Campus' attendance.
