

CheckMate Pro

SELF-SERVICE ATTENDANCE KIOSK

CheckMate Pro is a fully integrated attendance tracking system within Infinite Campus. This tool features check in/out options for students, guests, substitutes, and employees. CheckMate saves attendance clerks time by allowing students to check-in or check-out using a self-serve kiosk. The student attendance data is written directly back to Infinite Campus which means no double entry of data.

CheckMate Pro features the same functionality as CheckMate Plus and also includes:

- the ability to enable Georgia Sex Offender Registry check (other states coming soon),
- the ability to create a custom greeting message on the kiosk
- the ability to customize the kiosk colors.

Benefits

- Fully integrated with Infinite Campus
- Real-time attendance tracking directly into Infinite Campus
- Save attendance clerks time
- Peace of mind when guests use your kiosk with the GA Sex Offender Registry check
- Make the kiosk your own with customization options

CheckMate integration into Infinite Campus allows the attendance record to be written when the check in or out occurs, this is a huge timesaver for our attendance clerks. Last year we upgraded to CheckMate Pro for the added security features. This product is well worth the cost!
